SUBMITTAL CHECKLIST

Checking the boxes indicates your irrigation plan meets these requirements.

- System must be shown on site plan showing house or building and all right of ways and easements
- Plans shall not exceed maximum scale of 1" = 30'
- Plans shall include designer's name, address and phone number
- Location of water supply (meter, well, or on-site pump)
- Location of all heads, type of head, and sprinkler throw pattern and spacing
- Location of backflow prevention device; Must be within 5 ft of meter. Prior approval is required from Town of Cary Water Distribution System Operator for any other location.
- Location of Rain Sensor and Control Box
- Statement on plans stating that precipitation rate is less than infiltration rate, or how runoff will be limited
- Show check valves on any heads located on steep slopes
- Label zones by number and identify as grass, shrub, or flower bed
- Show total square footage by zone as well as for entire system
- Show method of pressure regulation, if needed

Staff will review plans within 3 business days. If you have any questions regarding plan requirements, please contact us at (919) 469-4030.
