

1

Compare the code from the map with this diagram of the park. **Locate the piece by Roman numeral first (I-IV).**

2

Then determine which side to view by letter (A-D).

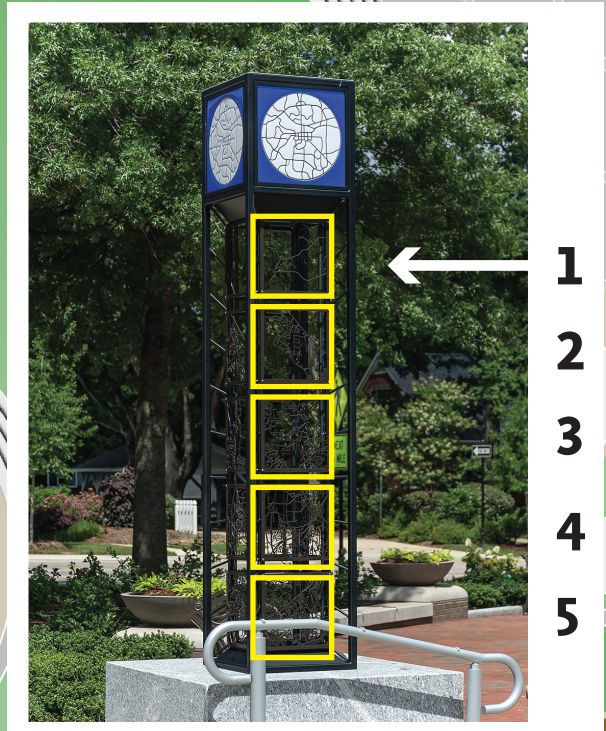

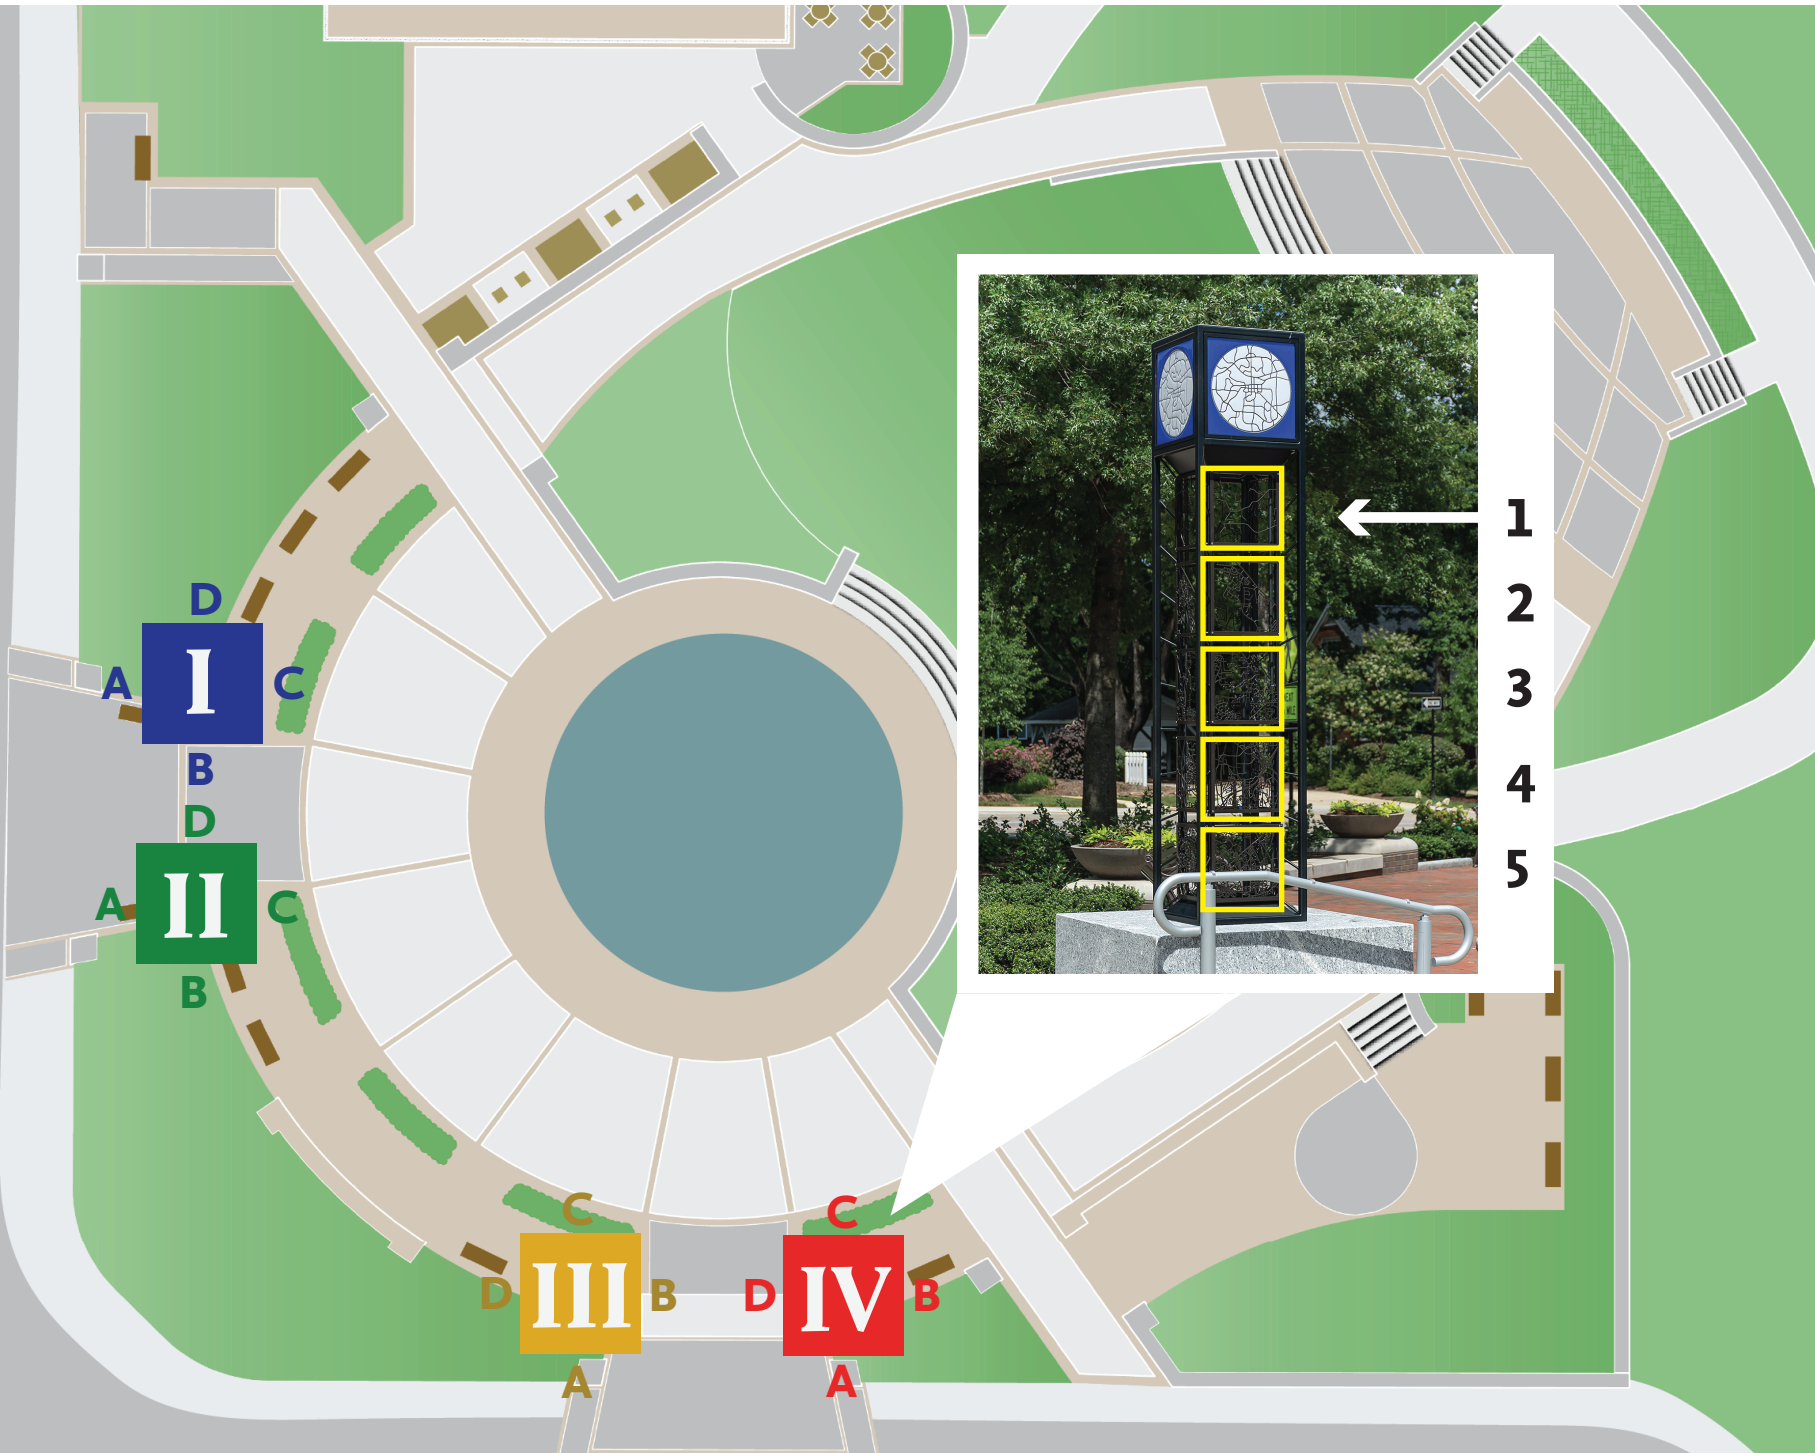

3

Then go to your panel by number (1-top - 5-bottom). You should see some familiar lines and curves here!

4

Now that you've found your neighborhood on the piece, **go back to the app to see what else you can find in your local area!** Hint: each box has a unique description. Click on it to see what it says!
