Dear Mr. Lee:

The Director of the Division of Energy, Mineral, and Land Resources, Mr. Brian Wrenn, has reviewed your letter of January 11, 2021, in which you requested an extension of 60-days to respond to the Department's request for supplemental information regarding the issuance of the referenced permit.

The request for an extension has been granted. Should the Department not receive a complete response to its July 23, 2020 request for additional information by March 20, 2021, The Director will make a decision on the issuance based on the information currently on file.

Your attention to this matter will be greatly appreciated. If you should have any questions, please contact me at (919) 707-9228.

Sincerely,

A handwritten signature in blue ink that reads "David Miller".
