RE: Wake Stone Corporation Triangle Quarry
Mining Permit No. 92-10
Wake County, North Carolina
Neuse River Basin

Mr. Miller:

Enclosed are duplicate copies of Wake Stone Corporation's responses to your requests for additional information as detailed in your letters of May 24, 2021, July 6, 2021, and July 26, 2021 ("ADI Letters 4, 5, and 6"). In providing these responses we have attempted to be as thorough as possible, providing you with the information you need to move forward to permit issuance. Our response includes narrative discussions of individual questions, with supporting information appended as appropriate.

In addition to the two (2) printed copies of these response items as requested, we are also providing a USB memory device containing a digital (PDF) version of these materials. We believe these additional data will provide you the final information you need to move forward to permit issuance. Should you have additional questions, we are available by phone, email, or MS Teams to provide responses.

Sincerely,
Wake Stone Corporation

David F. Lee
Environmental Supervisor
