Signs of Illegal Discharge

IMPORTANT

A visual inspection of the outlet sanitary tee should be made as soon as an Officer arrives on scene

If a discharge is noted a violation is occurring

Reasonable Suspicion to Investigate Illegal Discharges

- Company name, telephone #, or permit # not displayed on vacuum tanker truck
- License tag is covered by piping, heavy accumulations of grease, or is placed where it cannot be seen (illegible or covered)
- Truck operator inserts hose, opens valves and does not attend the hose

Reasonable Suspicion to Investigate

Truck Operator:

- Does not open or insert hose in all compartments of the grease trap
- Returns to truck or operates valves when officer arrives on scene
- Parks truck to obstruct visibility of the grease trap
- Parks, operates in a suspicious, non-conforming area

Signs of Illegal Discharge

- Discharge into any storm water or sanitary sewer conveyance (manhole, storm drain)
- Visual observation of discharge of waste in the outlet sanitary tee; tees submerged
- Liquid level in grease trap is rising above static water level rather than lowering
- Turbulent conditions in the grease trap above the static water level
